(b) Authorization for Commission Powers and Duties. For the purpose of administering the policy as declared in section 36-103, Idaho Code, the commission is hereby authorized and empowered to:

1. Investigate and find facts regarding the status of the state's wildlife populations in order to give effect to the policy of the state hereinbefore announced.

2. Hold hearings for the purpose of hearing testimony, considering evidence and determining the facts as to when the supply of any of the wildlife in this state will be injuriously affected by the taking thereof, or for the purpose of determining when an open season may be declared for the taking of wildlife. Whenever said commission determines that the supply of any particular species of wildlife is being, or will be, during any particular period of time, injuriously affected by depletion by permitting the same to be taken, or if it should find a longer or different season, or different bag limit should be adopted for the better protection thereof, or if it finds that an open season may be declared without endangering the supply thereof, then it shall make a rule or proclamation embodying its findings in respect to when, under what circumstances, in which localities, by what means, what sex, and in what amounts and numbers the wildlife of this state may be taken.

3. designated by the commission under such rules as it shall prescribe.

(B) The commission may, under rules or proclamations as it may prescribe, authorize the director to issue additional controlled hunt permits and collect fees therefor authorizing landowners of property valuable for habitat or propagation purposes of deer, elk or antelope, or the landowner's designated agent(s) to hunt deer, elk or antelope in controlled hunts containing the eligible property owned by those landowners in units where any permits for deer, elk or antelope are limited.

(C) A nonrefundable fee as specified in section 36-416, Idaho Code, shall be charged each applicant for a controlled hunt permit. Successful applicants for controlled hunt permits shall be charged the fee as specified in section 36-416, Idaho Code. Additionally, a fee may be charged for telephone and credit card orders in accordance with subsection (e)11. of section 36-106, Idaho Code. Following any land purchase, the fish and game commission shall provide, upon request by the board of county commissioners, within one hundred twenty (120) days, a management plan for the area purchased that would address noxious weed control, fencing, water management and other important issues raised during the public hearing. When considering purchasing lands pursuant to this paragraph, the commission shall first make a good faith attempt to obtain a conservation easement, as provided in chapter 21, title 55, Idaho Code, before it may begin proceedings to purchase, condemn or otherwise acquire such lands. If the attempt to acquire a conservation easement is unsuccessful and the commission then purchases, condemns or otherwise acquires the lands, the commission shall record in writing the reasons why the attempt at acquiring the conservation easement was unsuccessful and then file the same in its records and in a report to the joint finance-appropriations committee. Provided, however, the commission shall not enter into such agreements for lands which either lie outside or are not adjacent to any adjoining the proclaimed boundaries of the national forests in Idaho.

(A) The landowners, with the assistance of the department, shall cause notice of the restrictions, including the effective date thereof, to be posted on the main traveled roads entering the areas to which the restrictions apply. Provided, however, that nothing in this subsection shall allow the unlawful posting of signs or other information on or adjacent to public highways as defined in subsection (5) of section 40-109, Idaho Code.
